

Registration Open for the Consulting Engineers Compensation Survey 2010

The Association of Consulting Engineering Companies – Canada has partnered with WCBC to produce an annual compensation survey of Consulting Engineering firms. WCBC is collecting data from now until the end of August for its **12th Annual Consulting Engineers Compensation Survey**.

Get the data you need and **save 50% or more** by registering to participate. The survey provides consulting engineering firms from across Canada with comprehensive compensation information, specific to the consulting engineering industry.

The survey includes comprehensive, up-to-date information on:

- Current salaries & bonuses
- Expected changes in salaries for 2011
- Long-term incentive plans
- Group insurance and retirement plans (analyzed by CEO, Executive, Engineering, Technical and non-Engineering staff levels)
- Policies on vacation, overtime, perks and more

You will receive industry specific data on over 60 positions including engineering, technical, executive, management, information technology and administrative positions.

Register online at www.wcbc.ca/surveys/consultingengineers
