Summary of experience

Jeff provides financial and compliance audit and consultation services to a variety of private sector entities. He focuses primarily on business and professional services organizations and is the Alberta lead of this industry group for RSM Canada. Jeff also works with several business and professional services industry groups helping to ensure their members are informed of the latest accounting, assurance and tax legislation.

In his current role, Jeff delivers advice and consultation regarding complex accounting and taxation matters, assists engagement teams in audit matters, and is responsible for ensuring that reports issued by the firm comply with professional standards.
