

FOR IMMEDIATE RELEASE

Allen D. Williams Scholarship Awarded to David Nagy

(OTTAWA) June 23, 2014 – The Association of Consulting Engineering Companies–Canada (ACEC) is pleased to announce that the 2015 Allen D. Williams Scholarship has been awarded to David Nagy of AECOM. Mr. Nagy was presented with his award at the ACEC Leadership Summit in Winnipeg, Manitoba on June 20, 2014.

The Allen D. Williams Scholarship is presented annually to a young professional employed by an ACEC member firm who demonstrates a commitment to the consulting engineering industry in their province or territory.

David Nagy is a structural engineer with AECOM and currently the design manager for the International Facilities Project at the Calgary International Airport. After graduating from university in 2004, David moved to Calgary and joined UMA Engineering (now AECOM). He has worked on a range of large projects including the Stoney Trail and Anthony Henday Ring Road Projects, CNRL's Horizon Oil Sands and the Runway Development Project for Calgary Airport. He is also the founder of the southern Alberta young professional group at AECOM. David holds a B.Eng. in Civil Engineering from McGill University and an MBA from the University of Calgary.

The scholarship commemorates Allen Williams, past ACEC Chair and Founder of Williams Engineering Inc. It provides the winner with funding to cover registration, airfare and accommodations to attend the annual conference of the International Federation of Consulting Engineers (FIDIC).

The Association of Consulting Engineering Companies–Canada represents companies in Canada that provide professional engineering services to both public and private sector clients. These services include the planning, design and execution of all types of engineering projects, as well as providing independent advice and expertise in a wide range of engineering and engineering-related fields.
